August 2018 – June 2019

- Develop production iOS apps for small businesses and entrepreneurs contracted through DevMountain
- Project manage group development projects between UX design and iOS students, implementing agile methodologies
- Deliver lectures on iOS development topics including Swift, Objective-C, UIKit, CoreData, Networking, various Baas, and Storyboards
- Teach Computer Science concepts including Big O notation, data structures, and design patterns

Momstrong Move

Salt Lake City, UT

iOS Developer

November 2018 – June 2019

- Architected and solely wrote an iOS fitness application for a small business with an existing subscriber base
- Collaborated with a team of designers, web developers, and QA engineers to build an integrated website and iOS application for real time fitness plans and video instruction
- Implements various technologies including Core Data, Apple Push Notifications, the Vimeo API, and custom server integration

Spilt Coffee

Boise, ID

Designer & iOS Developer

- Worked with the founder to first create and then build a solution for coffee connoisseur looking for a community sharing their passion
- Implemented generic layers for making the rich UI easily adjustable and maintainable, Firebase for peer to peer sharing, and a Protocol Oriented Programming approach to iOS development.

Epic Ventures

Salt Lake City, UT

Junior Analyst

August 2017 – December 2017

- Sourced and held meetings with 31 CEOs of early stage enterprise software companies raising seed to series B funding
- Generated reports and analysis of each startup's product, team, market, business model, existing investors, and key metrics to be reviewed by Epic's directors
- Passed 3 companies on to thorough market sizing and competitive analysis

EDUCATION

University of Utah, David Eccles School of Business

Salt Lake City, UT

Bachelor of Science, Finance

December 2018

Honors

- 3.97 GPA, Dean's List, Full Tuition Merit Scholarship

INTERESTS

- Avid concert enthusiast, with a moderately impressive collection of tour posters
- Finisher of the Mid Mountain Trail Marathon in Park City, UT and a few Half Marathons
- Would love to talk about coffee, music, or product design anytime
